Marietta -- as I suspected, I've received a couple of additional questions from our committee members for your discussion with the Registration Committee this afternoon. I realize this is last minute so I understand if you don't have time to look into them.

- 1) Progress on EFED internal review of SAM (described by Nelson Thurman in fall 2017 EMPPM)?
- 2) Progress on revisiting the guidance on Non-extractable/Total Toxic Residue as discussed in last year's CLA/RISE Regulatory Conference?

Thanks!

Marietta – I've collected the attached list of questions from our Reg Committee members. These questions may generate additional questions during the meeting but I wanted to get this initial list to you now.

The address for CLA is: 1156 15th St NW, suite 400, Washington, DC 20005

We have you on the agenda for 2:00 – 3:00 on Tuesday, Feb 20 (next Tues). If you have any flexibility, would you be able to arrive by 1:45 so we can start a little earlier? Our meetings end at 3:00 and I want to make sure everyone has a chance to participate in the discussions.

Thanks again!

Hi Karen,

I would be happy to participate in your committee meeting on 2/20. Could you please send me a list of agenda topics and/or questions you would like us to address?

Regards,  
Marietta

**Subject:** Invitation to meet w/ CLA Registration Cmt Feb 20, 2018

Marietta –

As chair of the CroLife America (CLA) Registration Committee, I would like to invite you to meet with our committee members on Tuesday, February 20 for an hour or so to discuss topics of mutual interest. In reviewing my list of EPA guests, I don't recall any previous opportunities when you have met with the Registration Committee. The committee has expressed interest in having you as our guest (and staff, if that is an option) at an upcoming meeting.

We meet from 9 a.m. to 3 p.m., and could accommodate your visit anytime during that schedule. If this works with your schedule, we would provide topics and questions for discussion, in advance.

Thanks!

Karen
